

Public transport in and around Hamburg

Komm gut nach Hause

Welcome on board

The Hamburg Public Transport Association (Hamburger Verkehrsverbund/HVV) provides attractive and modern local transport services at reasonable prices. It was the first of its kind in the world when it was founded in 1965 and has been getting people where they want to go in and around Hamburg ever since. The connections are perfectly organised, with the network covering 30 affiliated transport companies. About 730 rapid transit and regional rail lines, bus and ferry services make sure that you get wherever you want to go.

Convincing arguments

2.5 million people use the HVV network on an average working day, and they all benefit from the advantages a strong transport association can offer them:

- 1 ticket
- 1 integrated network of transport services

The HVV area extends over about 8,600 square kilometres in the Hamburg metropolitan region and covers Hamburg itself as well as the administrative districts of Lauenburg, Pinneberg, Segeberg, Stormarn, Harburg, Lüneburg and Stade. Hamburg AB comprises the city of Hamburg and a number of surrounding towns and country districts.

A double-track approach

You can reach your destination in comfort by rail, road and river transport. You save time and money, not to mention avoiding the hassle of driving. You are sure to find 1 of about 10,000 bus stops, rapid transit or railway stations somewhere near you.

Keeping time

We get you where you want to go. Underground and rapid transit services as well as most Metro buses run at 5 to 10 minute intervals in Hamburg AB on weekdays up to about 11 pm.

Underground and rapid transit trains keep running in Hamburg and Norderstedt every 20 minutes through the night from Friday to Saturday and Saturday to Sunday and before a public holiday.

Our core competence

The rapid transit and regional rail services provide a network of fast, direct connections spanning the HVV area whatever traffic conditions are like on the roads.

RB (RegionalBahn) | Trains stop at all stations on the line in question.

RE (RegionalExpress) | Fast connections – trains only stop at most-used stations.

You can find an overview of the rapid transit and rail service network on p. 27.

Travel in style

About 700 bus lines run in addition to the rapid transit and regional trains.

Metro buses

(MetroBusse) | Lines 1–27 run a service every few minutes connecting you to the rapid transit and regional rail services in Hamburg AB. You can find an overview of the Metro bus lines on pp. 8/9.

Express buses (SchnellBusse) | Lines 31–49

are fast, direct services for an extra upgrade fare which get you from the outskirts of the city into the centre in comfort without the need to change buses.

Shuttle buses (EilBusse) | Lines E40–E86

are fast, direct connections to rapid transit stations and run mainly to get people to and from work in the mornings and evenings.

City and regional lines (Stadt- und RegionalBusse)

get you to the rapid transit and regional rail stations and connect outlying villages and metropolitan districts.

Night buses (NachtBusse) | Lines 600–688

run Sunday night until Thursday night in most parts of Hamburg and some adjoining districts. At the weekends, they supplement the all-night regular services.

Watertight

Ferries (Fähren) | Lines 61–75

Enjoy a trip with 1 of our 8 ferry services in the Port of Hamburg and along the River Elbe. Your HVV ticket is valid here, too.

Evening and night services

“Off we go” is not only the motto during the day in Hamburg, there is loads going on in the evenings and at night, too – and we will take you there so that you can be part of the action. Take the bus or train to the cinema or theatre, the disco or your favourite club – and we will get you back home again.

Let us take you where the bright lights are

Our buses, rapid transit and regional trains keep going well into the night for you in Hamburg AB. Underground and rapid transit services and most Metro buses run every 5 or 10 minutes up to about 11 pm on weekdays. All services continue until approx. half past midnight.

In the nights from Friday to Saturday and Saturday to Sunday and before a public holiday, underground and rapid transit services in Hamburg and Norderstedt keep running every 20 minutes through the night. Moreover, there is a network of special bus services. So go out and have a night on the town – we will make sure you get home safe and sound.

Night buses

run Sunday night until Thursday night after the rapid transit system closes down (around half past midnight) in most parts of Hamburg and some adjoining districts every half hour or full hour. They supplement the all-night regular services at the weekends and take passengers out to Hamburg’s surrounding region. They all meet up at the central junction at Rathausmarkt in front of Hamburg’s Town Hall.

Just stop and get off

In order to get home safely in the evenings, we can offer you a special service. From 7 pm on many buses outside the Hamburg city centre you can just ask the driver to stop where it is convenient for you and get off. This service is available all day on Sundays and public holidays.

Getting off “between stops” means that you get home sooner and have a more comfortable journey in the evenings – and it’s safe as houses!

What you should do

Please remember that the bus driver has to observe normal traffic rules. That means that for your own safety you are not allowed to get off at a red light or in a no stopping area.

- Tell the bus driver where you want to get off in plenty of time. It will then be his decision whether the traffic allows him to stop at the place you want.
- Please only use the front doors when leaving the bus.
- Since it is only possible to ensure safe and uncomplicated unloading of wheelchairs, walkers or prams at regular bus stops, this service is not available for these passengers.

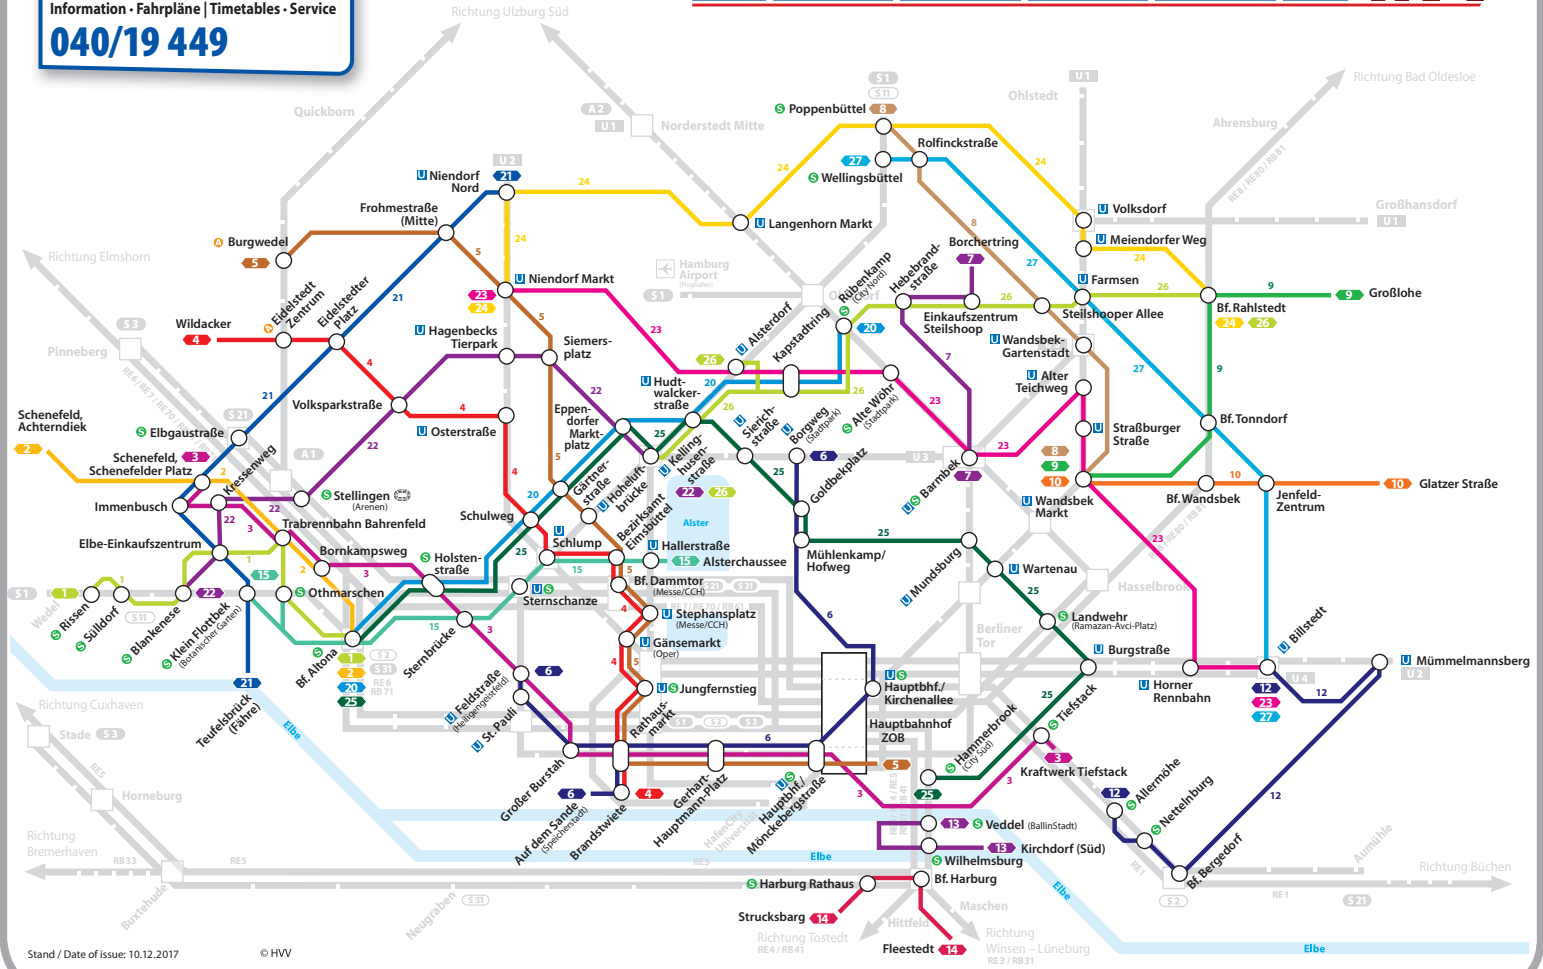

i Put 2 + 2 together

The HVV has cooperation arrangements with many theatres and organisers of concerts and other events. The tickets for these double as a return ticket to get there and back and are valid in fare rings ABCDE. Please make sure to check that this information is printed on your theatre or entrance ticket.

Get on at the front

Please always get on the bus through the front doors and show your ticket. This applies on the Metro bus services 4, 5 and 6 Mon – Sat from 9 pm. On Sundays and public holidays please always board by the front doors. Please go as far back through the bus as you can and use the middle or rear doors when you get off. Thank you!

The exception to the rule

Wheelchair users and passengers with walkers or prams or who are otherwise impaired in their mobility can of course continue to use the middle doors.

Tickets are valid on all HVV services, whether you travel by bus, train or harbour ferry. Children under the age of 6 and dogs travel free of charge.

And off you go!

Single tickets

1 journey for those who only travel with us now and again

-> for 1 journey, no return, not transferable

Day tickets

Travel as often as you like on the same day. Most times it pays to get a 9 am Day Ticket even if you only make 2 journeys. If you travel in a group, you can save money with a 9 am Group Ticket. This gives you flat rate travel for up to 5 people of any age for 1 day. It is even worth it just if there are 2 of you.

-> for as many journeys as you need, transferable, valid until 6 am the following morning

Tickets do not have to be stamped and cancelled before commencing your journey.

Buying single and day tickets

You can obtain single and day tickets from bus drivers, ticket machines, on your smartphone or in the online shop at hvv.de.

You will find ticket machines at many bus stops and every

U S A B station. N.B. Tickets cannot be bought on the trains.

Season tickets

For 24/7 and Off-Peak Season Tickets, season tickets for senior citizens 63+ and the upgrades for the Express bus/1st class on regional trains RB/RE you can choose the time they are to be valid flexibly: e.g. from Tuesday to the following Monday or from the 18th of a month to the 17th of the following month.

All season tickets and upgrades are valid from 0.00 am of the first day of validity (or the first day of the calendar month) till close of services on the last day of validity (or the last day of the calendar month). Close of services means 6 am the following morning. All tickets are issued subject to the HVV terms and conditions of carriage (HVV-Gemeinschaftstarif).

If you have lost your all-year season ticket, you can get a replacement from your HVV customer service. Just bring along your ID/passport and if necessary a photo. We will debit the charge of € 15 from your account.

For all season tickets: The upgrade fare for Express bus/1st class on regional trains RB/RE is € 2.10 per journey, valid in fare rings ABCDE.

Season tickets are not transferable.

Point to note: Many companies offer their employees the ProfiTicket. Ask your employer for further details! You can find out more at hvv.de/en -> Tickets -> ProfiTicket for employees.

Apprentices and students

Apprentices, trainees and students are entitled to reduced-price monthly and all-year season tickets. You need a HVV entitlement form. Information, forms to fill out and tickets can be obtained at any HVV service centre, see p. 18.

Apprentices/trainees: the HVV entitlement forms must be validated by the firm at which you are employed as well as the competent accreditation authority (e.g. the Chamber of Crafts or Commerce).

Students: if you have not automatically been issued with a SemesterTicket, get a HVV entitlement form and have it validated by your place of education.

School children

For children in normal primary or secondary education there are also reduced-price monthly and all-year season tickets. You need a HVV entitlement form for this, which must be filled out and then validated by the school. The form can be obtained at any HVV service centre, or often from the school secretariat.

Additional ticket: do you have more than 1 child going to school? Then the first child can get a main ticket and the other(s) an additional ticket. You save about 20% with this arrangement. When you buy the additional ticket you need to show the main ticket as proof of entitlement. These tickets can be obtained at any HVV service centre, see p. 18.

You can get timetable information and buy single, day, group, weekly, monthly or supplementary tickets as well as the Hamburg CARD on your smartphone too with our HVV App for iOS and Android. For single, day, group and supplementary tickets you get 3% off!

hvv.de/en

You can find your own personal timetable here. Just enter the starting point and destination (stop, street and house number or a place of interest) and the time you wish to leave or arrive. You will receive the connection with the nearest stop, the journey time including walking time as well as the price of a single fare. You can obtain further information by clicking on the tariff agent. For a better overview you can call up a map of the surrounding area of the starting point or destination. There is also a display of the stops or the bus service routes.

Real time info

You can see at a glance in the HVV App and the timetable info at hvv.de/en if buses or trains are running on time (+0) or how many minutes they are late (e.g. +1). This applies so far to Autokraft , HOCHBAHN   und S-Bahn Hamburg  as well as the regional trains RB/RE run by DB, erixx, evb and metronom.

Timetables

The HVV timetable is published once a year in a convenient format in 8 different versions: for Hamburg AB and the administrative districts of Lauenburg, Pinneberg, Segeberg, Stormarn, Harburg, Lüneburg and Stade. You can find lots more important information here. The timetables and a map of the HVV area are available at all HVV service centres and at bookshops and newsagents.

Travel information

Interactive network overview

At hvv.de/en -> **Timetables** -> **Line and route network plans** -> **Network overview** you can find an interactive network overview showing all HVV services. Just enter a stop, street with/without a house number or a place of interest in the enter field and click on **“show on map”**. You can use additional functions by clicking on the stops.

Find your way

We want you to be able to find your way around without any trouble. That's why we hang maps of the surrounding area and of the city, tariff plans, timetables and plans of the different routes at all our stations. On the underground and the trains, you can quickly find your way around using the plan of the rapid transit and regional train lines (see p. 27). The next stop is shown or announced in the underground, trains and buses as well as on the ferries so that you do not miss your stop. Constantly updated displays in the rapid transit stations and at many bus stops tell you when the next train or bus is coming.

Dial-a-ride taxi

Dial-a-ride taxis or minibuses – Anruf-Sammel-Taxi (AST), Anruf-Bus (AB) and Anruf-Sammel-Mobil (ASM) – are a special demand-responsive mobility service in addition to the regular bus services: it varies from region to region and is tailored to meet your needs. In some areas we can even deliver you direct to your door. Information under **040/19 449**

Park+Ride

About 22,000 parking spaces are available at 110 Park+Ride stations for the rapid transit and regional rail services. These stations are designated with the symbol  on the rapid transit/regional rail network overview, see p. 27.

Bike on board

On the underground and rapid transit trains    as well as on many bus services you can take your bike free of charge at the following times: Mon – Fri before 6 am, 9 am – 4 pm and from 6 pm, on weekends and public holidays all day. 2 bikes

per set of doors can be carried. Please do not block the area in front of the first set of doors. On the buses, please use the middle doors.

For the regional trains RB/RE you need an extra Bicycle Ticket (Fahrradkarte RB/RE) which costs € 3.50 per bike for the whole day. It is valid in fare rings ABCDE. Bikes can be carried on these trains without time restrictions. Please use the doors marked with a bicycle symbol. You can take your bike on the harbour ferries at any time with no extra charge with the exception of the ferry from Blankenese to Cranz. Please do not take your bike onto the open deck on the ferries.

Wheelchair users and persons with walkers or with prams naturally have prior rights. It may therefore happen that you have to get off with your bike if the bus or train is full. The decision here is at the discretion of the driver or other official personnel.

Have a safe journey

We work in close cooperation with the police and the fire services. We make sure that the materials and the design of our constructions come up to the highest safety standards. When we refurbish a station, it is crucial that it is well lit and laid out so that everything can easily be seen.

Safety on the bus

If danger threatens, if you are being molested or property is being damaged, please tell the driver. He can intervene immediately and radio for help. Many buses are also being fitted with surveillance cameras. The video images can often be directly transmitted from the bus to the traffic control centre. This enables us to appraise situations better and to react faster and more appropriately with emergency measures.

Safety on the train

Our modern underground and rapid transit carriages are open to the next carriage or have large windows between them. That gives you a clear view through the entire train, eye contact with other passengers and you can feel more secure if you can see what is going on. As well as this all the

underground and rapid transit trains have surveillance cameras and there is an intercom system next to the doors to speak directly to the driver. If an incident occurs, you should inform the driver straight away: he can radio for help immediately. In critical situations call the police (110) or the fire brigade or ambulance service (112): mobile phones have reception in all the tunnels!

Keeping an eye on things

Surveillance cameras allow our specially-trained personnel to keep an eye on what may be happening on the station platforms. Video material can be used as evidence in court. If there is nothing suspicious on them, the videotapes are wiped clean.

Security guards

A total of 750 train attendants are there for your protection on the rapid transit and regional rail lines     – day and night, around the clock. On regional trains RB/RE the conductors and the drivers are there to help you if they are needed, too.

SOS

There are SOS telephones on all station platforms in the rapid transit network. If you need to, you can get help directly here. As soon as you have pressed the emergency button you are visible on the cameras in the network control centre and our staff there can see what is going on. Even if it is only some information you need – we are glad to help.

The emergency call pillars on the -Bahn are silver-coloured with a red shining top. In cases of danger to life and limb you can stop underground trains entering and leaving the station by pulling down the emergency lever.

Emergency brake

If the emergency brake in the train is activated, the underground and rapid transit trains   will automatically continue till the next station. Help can be given more simply and swiftly there. If the train stops between stations, the door lock can be released by activating the emergency brake. Only get off the train after being instructed to do so by the train staff. Good to know: all the underground tunnels have exit points which are clearly marked.

No stress while you travel

It is very important to us that you feel safe and well with us. That is why it is strictly forbidden to drink alcohol on board all public transport in the HVV (with the exception of the HADAG ferries as well as DB and nordbahn trains) and at the underground and rapid transit    stations.

Mobility is for everyone

At hvv.de/en -> **Service** -> **Mobility-impaired passengers** you can find all you need to know about barrier free mobility in the HVV. There are detailed sketches of all stops on the rapid transit and regional rail network in the HVV area with details of entrances and exits, lifts, stairs, escalators, toilets, bus stops and the surrounding streets. You can also download the sketches of the stops as a PDF file. A live info display will tell you whether the lifts are currently operating. On top of this you can access the details of arrangements for getting on and off trains or changing from a bus line to a train.

Rapid transit and regional trains

The stations which have barrier free access are marked with the ♿ symbol in the rapid transit/regional rail network overview, see p. 27 opposite.

Our buses go down on their knees for you

Most of the buses in operation in Hamburg AB are kneeling buses, which lower the side of the bus next to the kerb. They have a ramp to allow wheelchair users and passengers with walkers to enter the bus easily. Kneeling buses also operate on the most frequently used routes outside Hamburg. You can identify the lines which run kneeling buses in the HVV timetables by the ♿ symbol next to them.

Getting on and off using the ramp

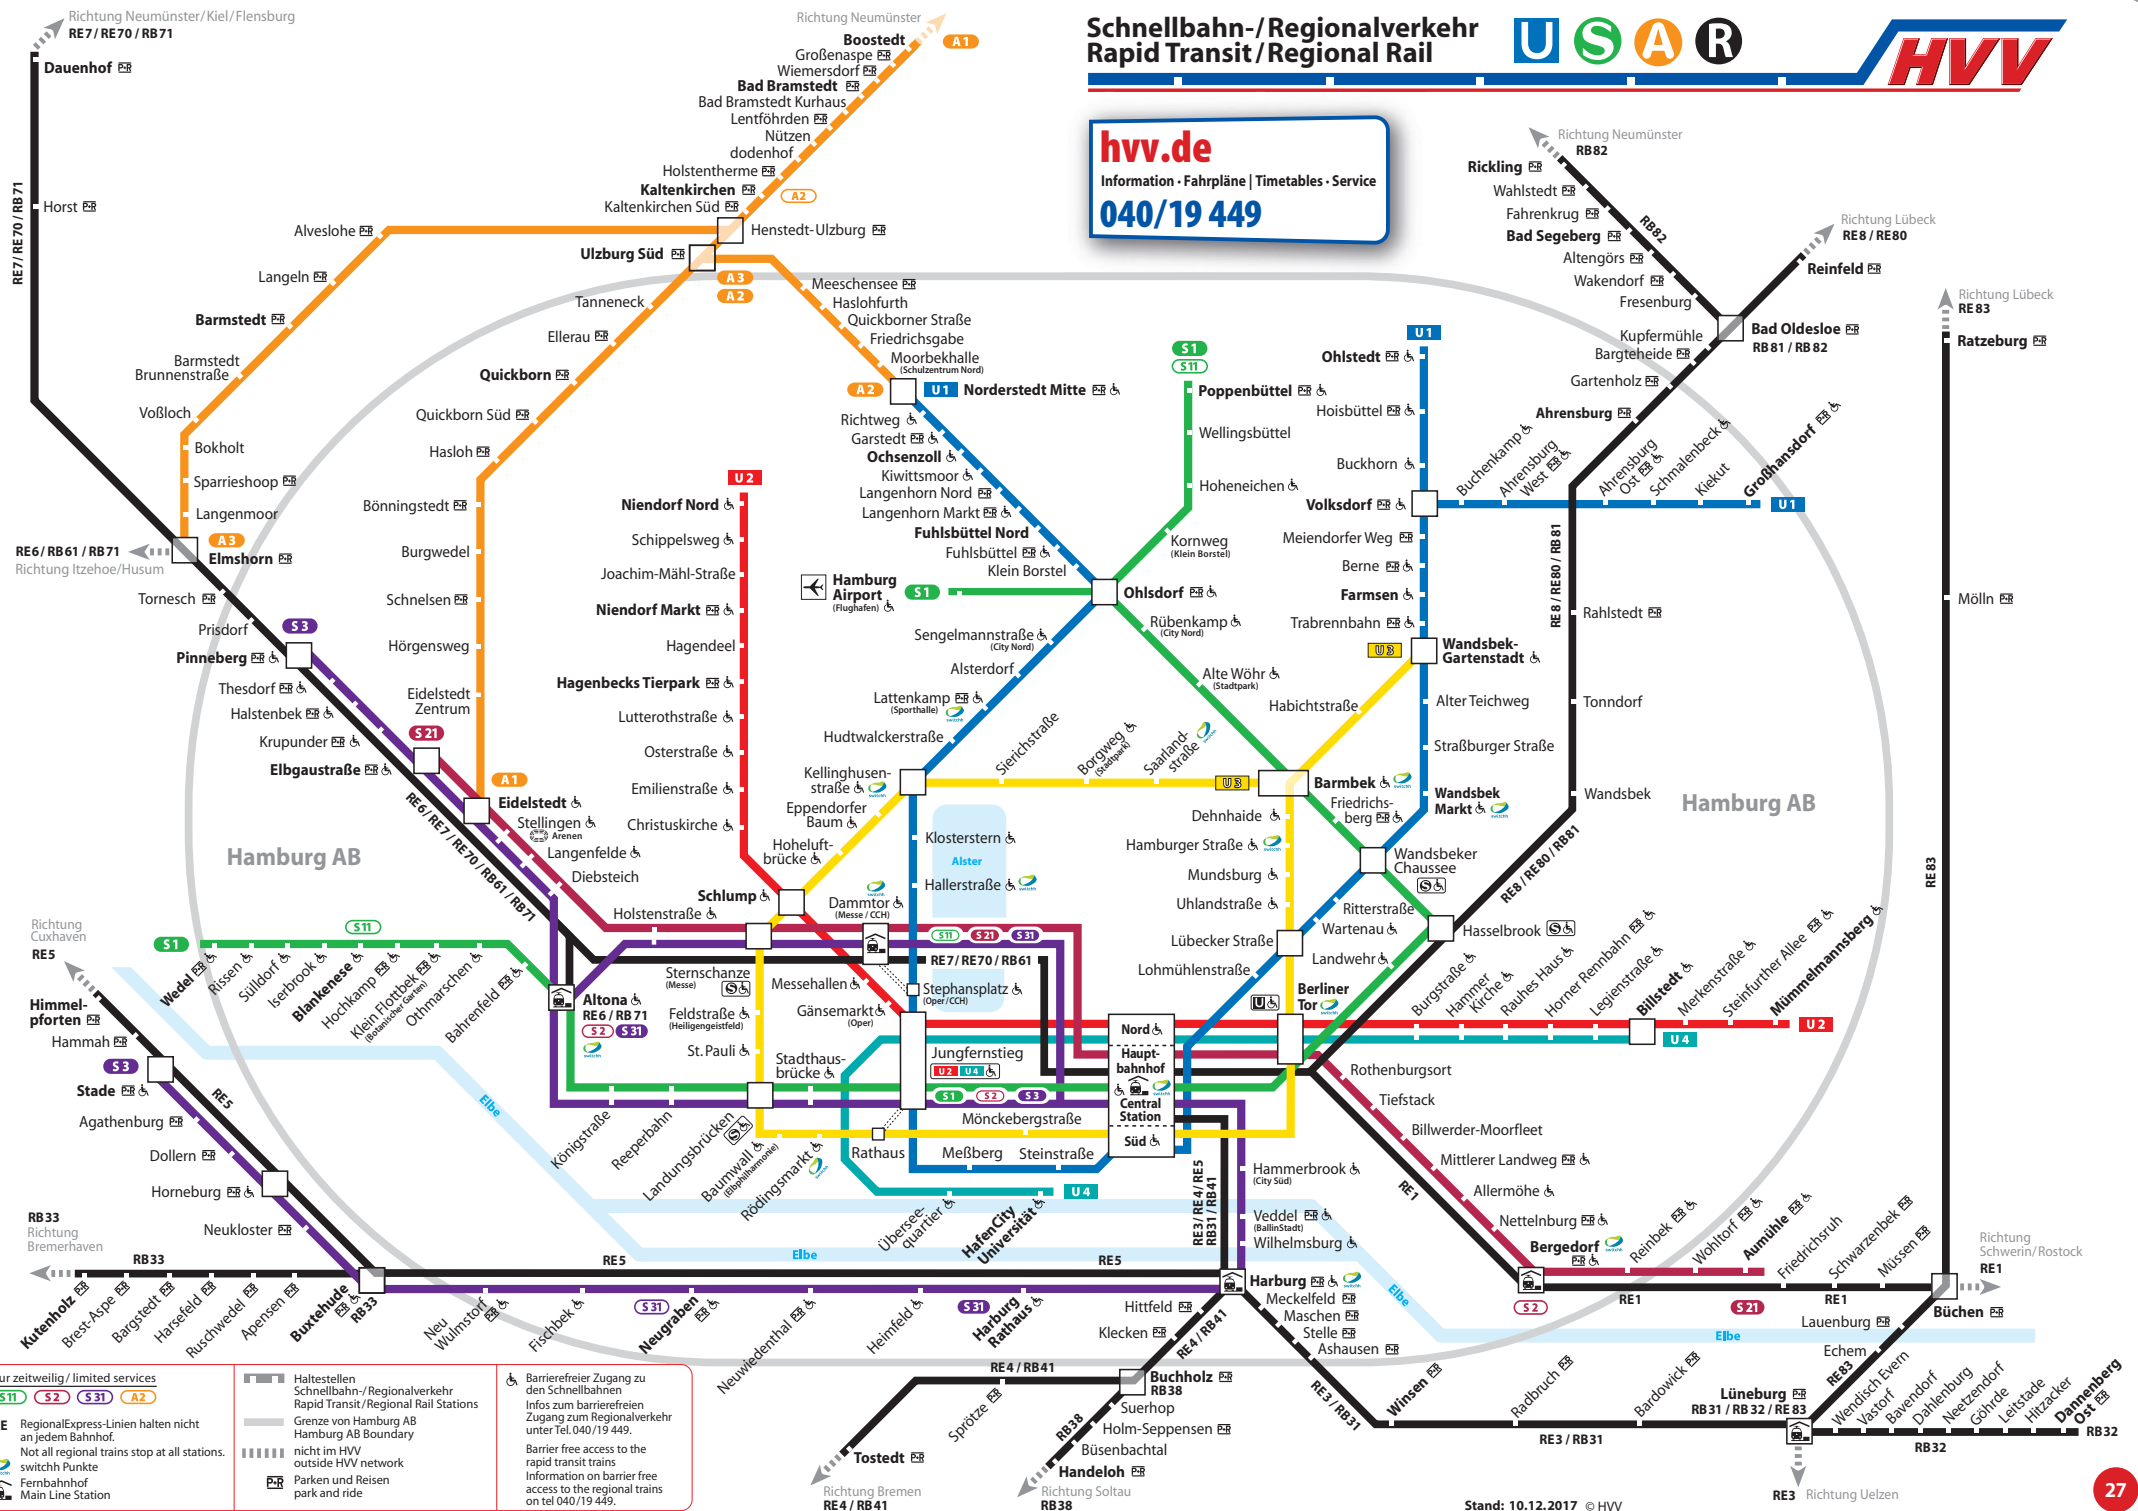

Please always use the doors in the middle of the bus. Just give a hand signal or press the button marked with the symbol when you want to get on or off. This is on the right of the central doors (outside) and in the area of the wheelchair space (inside). The bus driver will pull out the ramp for you as soon as the other passengers have got on or off. The ramps can bear a maximum weight of 250 kg, with newer buses 350 kg.
